LOCAL MATTERS

Fun rises tomorrow at 6:26 a. m. and sets at 4:55 p. m. High water at 9:17 a. m. and 9:44 p. m.

WEATHER PROBABILITIES.—For this section fair tonight and Friday; light variable winds, mostly northwesterly.

MEETING TONIGHT.—As heretofore stated, Attorney-General A. J. Montague, democratic candidate for governor, will deliver an address in the Opera House tonight. Mr. Charles Boudheim, chairman of the city democratic committee, will preside. Mr. J. B. Cason, candidate for the legislature from this city and county, will open the meeting with a short speech and will be followed by Mr. R. Walton Moore, of Fairfax, who in turn will be followed by Mr. Montague. A fine band of music has been provided for the occasion and the hall will be reserved for ladies. A large audience is expected to be present.

BUSINESS MEN'S LEAGUE.—The Business Men's League met last night, Mr. M. B. Harlow in the chair. Messrs. W. F. Carter, John W. May, Worth Hulsh, Frank E. Anderson and E. E. Dawson were present.

A number of communications received from various associations during four months past were read and ordered on file.

The chair called attention to communications which have appeared in the Gazette from Mr. Dreifus and others relating to discriminations against Alexandria by steamers and railroads and the subject went over.

A letter from Mr. G. A. Hopkins criticizing and contradicting the veto message of the Mayor relative to the lease of land to the Old Dominion Glass Works was read and laid over without comment. Among other things the writer said: "The last time we met here it was in the midst of a fight for a progressive City Council, and so well was the fight carried on and so successful were we, that even those whom we opposed have seen the handwriting on the wall, and have fallen in line with the progressive element. We are now on a fair road, as a result, to soon have our city beautified by better and improved streets." Mr. Hopkins then proceeded to give a history of the proposition to lease an additional half square of ground for the use of the Old Dominion Glass Works, the granting of the petition by Council and the Mayor's veto of the action. In conclusion he said: "I wish to thank the members of the City Council and Board of Aldermen who so kindly stood by me in opposition to the Mayor's veto."

The following was adopted, Resolved, That this league tenders to Col. Francis L. Smith, delegate from Alexandria to the present general convention of Virginia, its appreciative thanks for his efforts to secure the adoption unchanged, of the Bill of Rights, written by his predecessor, George Mason, the delegate of Alexandria, Fairfax in the convention of 1776 and adopted on the 12th of June, 1776, by the general convention of that year.

Many other subjects were discussed and a 9:30 meeting adjourned.

FOUND DROWNED IN THE POTOMAC.—On Sunday morning the body of an unknown man was found lying on a sandbar just off the shore of Alexandria. Investigation developed the fact that the body was that of a Santo Domingo from St. Thomas, papers and letters found on his person indicating that his name was Frederick Guntrup. It was found that the man had been struck on the left temple, probably by the paddle wheel of a steamboat, the blow crushing in the side of the face and breaking the man's neck. He was dead before the blow was received, as no water was found in his lungs or body. The theory is that the man belonged to some of the yachts boats lying off Col. Beach and that he was drowned while attempting to escape from the vessel. Strapped in the bundle on his shoulders was a suit of gray clothes black hose, and a pair of shoes, the whole outfit being of better material than this class of men usually wear. In this bundle were also two pocket books. One contained \$6 and in the other were found a note for \$100 drawn on the Bank of St. Thomas, issued nine years ago, and a rent receipt, the latest dated last June, for house rent in his native city. It would seem from this that Guntrup was a man of family. Besides other minor effects, he had a number of Santo Domingo coins in his possession and his cuffs were fastened with buttons made from quarters of that currency. Every year at least half a dozen such cases are reported from these outer bodies. Steps will be taken to communicate with the relatives of the late Frederick Guntrup that his property may be restored to the rightful heirs.

SUSPICIOUS CHARACTERS ARRESTED.—Several strange men who have been registered at a local hotel for the past few days have attracted the attention of the police and have been kept there under surveillance. There were five in the party and it was deemed expedient to arrest three of them. They "bucked" on the police when taken in charge on King street and caused some commotion. But one would give his name. He said it was Quigley and that he was from Richmond. Soon after the three men were locked up "Quigley" slipped himself to his clothing in his cell and set fire to his clothing in his cell. The garments were burned so badly that the police could find nothing in the fragments to indicate any reason for his action. The two men still at the hotel have been asked to give an account of themselves but nothing satisfactory has been learned. The trio were brought before the Mayor this morning, the one who had burned his clothes being attired simply in his undergarments. The evidence of Lieut. Smith and Officer Knight was in substance as given above save there were further allegations of gross disorderly conduct during the night. They gave their names as T. J. Quigley, William McGann and David Sullivan. One of the party, who seemed to be spokesman, attempted to give the other side of the story, but he was cut short by the Mayor who assessed a fine of \$5 on each or 20 days on the chain gang.

Lewis Coughman, Wash. Ind. "Dr. Williams' Little Pink Pills" cured me the double leg and other pills, but they work thoroughly and make me feel like a boy." Certain, thorough, gentle. For sale by E. S. Leadbeater & Sons.

BRIDGE ON FIRE.—The large covered bridge of the Southern Railway, just north of St. Asaph Junction, was saved from destruction by fire last evening by the prompt and timely aid rendered by Capt. T. L. Weidman, chief of the night watch at the St. Asaph Quartermaster's Depot, and Mr. Daniel Fry, his assistant. While making one of their regular tours of inspection at about 8:45, they discovered flames between the sheathing of the bridge at one end. Fighting back the flames with his hands, Captain Weidman sent his assistant for one of the automatic fire extinguishers with which the Quartermaster's depot is well supplied, and by their combined efforts the flames were soon subdued. Only the prompt action of Messrs. Weidman and Fry prevented the total destruction of the bridge, which is a highly inflammable structure, made so by the smoke and heat of the many engines which pass under it daily.

CHANGE OF MANAGEMENT.—The management of the Washington Southern Railway will tomorrow be transferred to the officials of the Richmond, F. & Potomac Railroad. Major E. L. D. Myers, President of the latter road, has sent out circulars to the employees of the Washington Southern road announcing the change in management and requesting such train hands as may not desire to retain their positions to notify his office at once. By this procedure the present employees are given an opportunity of dispensing with their services if they desire to hold their places. The crews now operating the trains between Washington and Quantico will for the most part continue on their present runs.

PERSONAL.—Attorney-General Montague will arrive here this evening, turning his stay in this city he will be the guest of Mr. G. L. Booth.

Rev. H. J. Carter has returned from a visit to Archbishop Gauthier, at Kingston, Ont.

Mr. John Yundt, of Altoona, Pa., is visiting his uncle and aunt, Mr. and Mrs. George Mourascken, on Wilkes street.

Mr. A. B. Davis, of the White Sulphur Springs, and Miss Rosalie Stuart, of King George county, are visiting Miss Roberta Stuart, on King street. Mrs. Charles Pollard and her son, of Strasburg, are in the portion of the building where groceries are sold, but he professed to hear him and the thief escaped. The police are endeavoring to find him.

MEN'S AID SOCIETY.—A mass meeting for men will be held at the First Baptist Church on next Sunday afternoon at 4 o'clock under the auspices of the Men's Aid Society of that church. Social musical features have been arranged for the occasion. The address will be by the Rev. J. B. Clayton, of Washington. He is a speaker of ability and has always had a large and appreciative audience when speaking in this city on other occasions. It is hoped by those in charge that there will be a large turn out of men to hear Mr. Clayton.

"THE DEESTRICK SKULE," which is to be given at the Opera House, on Wednesday, November 6, for the benefit of Grace Church repair fund, promises to be one of the cleverest amateur performances ever given in Alexandria. The address will be by the Rev. J. B. Clayton, of Washington. He is a speaker of ability and has always had a large and appreciative audience when speaking in this city on other occasions. It is hoped by those in charge that there will be a large turn out of men to hear Mr. Clayton.

HEAVY FOG.—A heavy fog settled over the city during the night and continued until noon today. Navigation was impeded considerably, and the Norfolk steamer, which should have reached this port about six o'clock, did not arrive until near mid-day, having been compelled to anchor some miles down the river. Trains on all the railroads running into the city were late, being compelled to proceed cautiously.

DEATH OF A COLORED MAN.—A colored man, giving his name as Beverly Baker, supposed to be a native of St. Thomas, in West End, a day or two ago and asked that he be taken in as he was indisposed and his request was granted. Last night his condition became alarming and before a physician could be summoned he expired. The deceased was a native of Fauquier county, and was about 55 years old.

BUGGY SMASHED.—A buggy belonging to the city was struck by an electric train and demolished at Del Ray last night. Six persons had gone to the church at that place where an entertainment was given and had "anchored" the horse near-by. The animal dragged the weight and succeeded in pulling the buggy on the railway track. A passing train struck it with the result stated above. The horse was unhurt.

CHURCH OFFICERS ELECTED.—At a meeting of the congregation of the Second Presbyterian Church held last night Messrs. Henry C. Slaymaker and George B. Kennedy were elected elders and Messrs. Wm. H. McInchior, Wm. A. Moore, Jr., and A. C. Slaymaker deacons. The revival services will be continued tonight when Rev. Mr. McLean will preside.

PROPOSED CHAIR FACTORY.—Efforts are being made in this city to add a chair factory to the plants already in successful operation here. Mr. William D. Duncanson, formerly superintendent of the Chair factory at New Alexandria, has had interviews with a number of interested citizens on the practicability of the movement and has met with some encouragement.

A Convincing Answer.

"I hobbled into Mr. Blackmon's drug store one evening," says W. E. Nelson, of Hamilton, Ga., "and he asked me to try Chamberlain's Pain Balm for rheumatism with which I had suffered for a long time. I told him I had no faith in any medicine, as they all failed. He said: 'Well, if Chamberlain's Pain Balm does not help you, you need not pay for it.' I took a bottle of it home and used it according to the directions and to one week I was cured, and have not since been troubled with rheumatism." Sold by Richard Gibson.

W. T. Watson, Ghentville, Va., druggist, writes: "Your One Minute Cough Cure gives perfect satisfaction. My customers say it is the best remedy for coughs, colds, throat and lung troubles." For sale by E. S. Leadbeater & Sons.
